Customer Name: _____

Address: _____

Telephone(s): _____

E-mail: _____

Cross Streets: _____ Gate Code: _____

Beat The Heat Pool Service will provide the following maintenance on ___ pool and ___ spa:

- ____ Chemically balancing water
(cyanuric acid will be added at \$10/pound as needed, salt will be added as needed at additional cost)
- ____ Vacuuming Pool (removing debris as needed)
- ____ Netting Surface Debris
- ____ Maintaining Filter (DE backwash/cartridge removed and cleaned as needed every 3-4 months)
- ____ Cleaning Tile (Brush and remove debris. Alkalinity build-up not included)
- ____ Brushing Steps and Walls
- ____ Cleaning/Emptying of Strainer and Pump Pot
- ____ Maintaining Auto Chlorinator (inspect and advise)
- ____ Special Features (waterfalls, fountains, etc.)

The cost of services will be \$ _____ per month for service one time per week.

Date service to start: _____

Billing is done in advance and due upon receipt.

Pool owner, operator, and/or representative aware that pool operations systems such as pump, motor, filter, valves, chlorine feeders, etc. must be and remain in good working condition to properly service pool and spa. Customer must provide access on the service day and the service visit is counted when crew arrives at property. Pool covers, rafts, toys, etc. must be removed from pool by customer on day of service. Customer maintenance of proper water level is required. Chemicals included are liquid chlorine, 3" chlorine tablets, acid, ph increaser and DE. Weather conditions such as excessive rain, wind, snow, etc. may cause unsafe working conditions for crew, there will be no billing adjustment or refund for these occasional missed service days. Service will not be provided on major holidays, no refunds provided. Thirty (30) day notice for cancellation required.
